Merit Over Rank.

A 4-year full-time academic, mentorship, and scholarship program designed to select students based on *ability and effort*, not on past coaching or ranking.

We follow
NEP-2020

We Believe Potential is More Than a Test Rank

The traditional route to IIT often overlooks brilliant students because of its singular focus on one exam. Success is not limited to just the top 0.085% through JEE Advance.

The current system measures years of coaching and test history, not necessarily a student's current aptitude, discipline, and dedication.

Achieved through a sustainable model fully compliant with Government of India scholarship frameworks.

A Financial Model Built on Government Norms and Foundation Support

The IITian Beti Yojana fully complies with all applicable Government of India guidelines. Our model integrates these official frameworks to maximize student benefits.

Step 1: Your Scholarship Is Based on Your Merit and Background.

2. Find your 12th Board Aggregate Marks in the columns at the top.

1. Find your family's annual income in the rows on the left. (LPA: Lakhs Per Annum; EWS/OBC-NCL/SC/ST categories as defined by the government).

3. The intersection shows your scholarship percentage.

Scholarship Percentage Based on 12th Board Aggregate Performance				
	95% ≤ Marks	90% ≤ Marks < 95%	75% ≤ Marks < 90%	60% ≤ Marks < 75%
Below 1 LPA (Govt Schools / KVS / JNV / SVGMS / RRIES Schools) (EWS/OBC-NCL/SC/ST)	100%	100%	95%	90%
Below 1 LPA (All Other Schools) (EWS/OBC-NCL/SC/ST)	100%	95%	90%	85%

Above 12 LPA (General/EWS/OBC-NCL/SC/ST)	50%	45%	40%	40%

This Translates into a Total Benefit of up to ₹ 9,10,000.

Total Scholarship Benefit (in ₹ over 4 Years)

	95% ≤ Marks	90% ≤ Marks < 95%	75% ≤ Marks < 90%	60% ≤ Marks < 75%
